

# Information/Application Package for the International Adoption Program

(Single Applicant)

#### THE ADOPTION PROCESS

Alberta Legislation requires that individuals who are hoping to adopt a child from another country use the services of a licensed adoption agency. International adoptions involve several levels of government and in Alberta, in addition to a licensed adoption agency, you may need an out of province international adoption coordinator or an adoption agency in the United States (if adopting from the United States).

**APPLICATION:** The package that follows is made up of the paperwork we will need from you. It includes the Alberta Children's Services International Adoption Application form which when completed and authorized by Alberta Children's Services allows us to complete a homestudy report. The application fee is due when you begin to submit this paperwork to us. Please submit original and/or hard copies of your application, we do <u>not</u> accept applications by e-mail.

**EDUCATION:** In order to become familiar with international adoption: the process, the fees, the challenges, the ethics, and the special needs of the children who wait, Alberta Legislation requires that you attend an International Educational Seminar. We also have dedicated sessions for relative adoption. Our International Adoption Specialists will share information about the process and provide you with a binder of material and resources. Due to COVID-19, the seminar is currently being presented by video conference.

**RESEARCH:** In addition to attending the seminar you are encouraged to do reading and research on your own. Meeting others who have already adopted will be invaluable to you.

**REQUIREMENTS/PROCEDURES:** You can find up-to-date information, requirements and procedures at: <u>https://www.alberta.ca/international-adoption.aspx.</u> When you have decided on the country of your choice, you need to find out what that country requires of you and that you also meet the eligibility requirements as a potential adoptive parent from that country.

**COORDINATOR:** Due to Alberta legislation only allowing licensed agencies to do the work you need done here in Alberta, you may be required to use an adoption coordinator who will be your link to the sending country (i.e. the country you hope to adopt from). We can provide you with a list of coordinators working with different countries. They ensure that your documents are in order, organize your trip, and communicate with officials in the other country on your behalf. For a private international adoption, you will have to do this for yourself.

**DOSSIER PREPARATION:** We can help you with preparing your dossier. Dossier preparation can be complicated as it involves copying, translating, notarizing, authenticating, etc. Please ensure correspondence to Alberta Children's Services includes your FedEx account information.

**HOMESTUDY:** We will begin your homestudy as soon as you have attended our International Educational Seminar and completed all of the necessary application paperwork. Once the homestudy report has been completed, it is sent to you for review and then sent by Adoption Options to Alberta Children's Services in Edmonton for their review and approval. A final copy is then sent to you which you may give to your coordinator if you are using one.

**DUAL TRACKING:** This refers to those who wish to apply to our International adoption program and our Domestic adoption program. As two homestudies are required specific to each program, one of the homestudies will be charged at a reduced fee and the other at full price (see fee schedule page). All other fees and policies apply. **SPECIAL CIRCUMSTANCES:** Very occasionally, Adoption Options is unable to approve applicants as adoptive parents. In these cases, additional fees will be required if the applicant(s) would like to proceed after following through with recommendations/guidelines made to the applicant(s) at the time of non-approval. These fees are determined on a case-by-case basis.

**UPDATE/ADDENDUM:** Your approved homestudy is valid for one year from the date of being signed off by Alberta Children's Services. If you have not received a match proposal of a child within that time, an update to the homestudy is required. If there are no major changes after one year, the applicant can self-report the update; please contact either the Calgary or Edmonton office for this form. If there are major changes to report, (change in residence, employment, financial status, family composition or a change in the child desired section of the homestudy), or if 24 months pass without the presentation of a match proposal, an addendum to the homestudy is required. A new medical, criminal record check, intervention record check and a copy of your T4s or Notices of Assessment are required, and the addendum is completed by a social worker. Applicants will need to contact Adoption Options to arrange for the completion of an addendum.

**IMMIGRATION:** You will need to apply to Immigration, Refugees and Citizenship Canada (IRCC) as part of the process to sponsor your child and to obtain the appropriate documents that will allow you to bring your child into Canada. Even though we and Alberta Children's Services may approve your adoption homestudy, there is no guarantee that IRCC will grant the necessary documents to allow your child entry into Canada. <u>Adoption Options is not able to answer questions or give advice on immigration, please contact IRCC directly.</u>

**ONGOING ASSISTANCE WITH YOUR FILE:** Once you have registered with Adoption Options, we will be your direct link to Alberta Children's Services, any questions regarding progress on your file should be made through us.

**CHILD MATCH PROPOSAL:** Working closely with Alberta Children's Services, we will provide you with your child/match proposal in a timely fashion when it arrives from your sending country. We will contact you and present the proposal of the child to you.

**POST PLACEMENT SUPPORT:** We hope that you will see Adoption Options' social workers as a source of support. You are invited to attend our adoptive parent support groups, or any additional specialized training Adoption Options provides.

**POST PLACEMENT REPORTS:** Most countries require that post placement interviews and reports be done after the placement of a child(ren). We can provide that service for you. It is your responsibility to contact Adoption Options to arrange for post placement interviews. The sending country decides how many post placement reports are required.

**FINALIZATION:** Most adoptions are finalized in the sending country but a few countries (namely the Philippines, and possibly others) require you to finalize the adoption once the child is in Canada. This is a service that we can provide, when needed.

**SOMETHING TO CONSIDER:** International applicants often have a sense of urgency. They know that somewhere out there, a child is waiting for them. Adoption Options, your coordinator, Alberta Children's Services, and everyone you will deal with recognizes your concerns. We know that you understand that processing your application is an in-depth process. We would like you to also know, that we will do our very best to process your case in a timely fashion.

#### **REGARDING A CRIMINAL RECORD CHECK** ON INTERNATIONAL ADOPTION APPLICANTS

#### TO THE POLICE SERVICE:

The Adoption Regulation requires us to obtain a <u>criminal record check with Vulnerable Sector Search</u> on each applicant and any other adults over 18 years-old living in their home. **All applicants need to apply in-person at a police station for this.** 

Some countries specifically require an Interpol search as part of the dossier.

If applicants have resided outside of Alberta within the last five years an Interpol check is also needed.

The RCMP has provided the following information: The RCMP cannot do a Vulnerable Sector Search because a Vulnerable Sector Search only applies to a "paid or volunteer" position - as a parent or prospective adoptive parent, you cannot be terminated from that role. The RCMP still completes all the same checks, but cannot call it a Vulnerable Sector Search because of the way the Criminal Records Act 6.3 reads. Checks are being completed to ensure that a pardon has never been issued for a sexual offence as well as checking Interpol. Having fingerprints taken is the most comprehensive check that can be completed on an applicant. It is the RCMP's policy to have fingerprints taken and submitted to the Canadian Real Time Identification Services (CCRTIS) to determine if adoptive parents have record suspensions for sex offences.

#### TO THE APPLICANT(S):

We request that you proceed to the Local RCMP Detachment or the City Police Headquarters (for residents of Edmonton, Calgary, Lethbridge, and Medicine Hat only), in the Province of Alberta to have your Criminal Record Check completed. We ask that you take with you proper identification, preferably your birth certificate and a driver's license, to assist the officer in charge. Although it appears that you can receive a criminal record check online, it is not the correct check that is required. All applicants need to apply in-person at a police station for this. We need a clearance for everyone over 18 years of age living in your home.

If you live in Edmonton, you can go to the Edmonton Police Service (EPS) at #108, 14315-118 Avenue **Nexus Business Park** and ask for "fingerprint services for adoption". They will take the fingerprints and submit them to the RCMP. You will need one piece of photo ID and one piece of supplementary ID. There is a charge for this service and the above address is the only EPS location able to fulfil these requests. Appointments may be required, please call ahead or visit their website for more information: https://www.edmontonpolice.ca/CommunityPolicing/OperationalServices/PoliceInformationCheck

If you require an Interpol search either because you are unable to have a Vulnerable Sector Search completed or your sending countries requires it, the RCMP will complete fingerprint forms for you and will forward them to Interpol Ottawa for processing. Please state that you require an Interpol search for the purpose of international adoption.

When you receive your police clearance, please bring in or mail the originals to our office as they are needed to move forward with your application.

Sincerely,

Tara Zimmerman, BSW, RSW Program Director, International
